To Whom it May Concern:

Re: DSPANZ's Response to Modernising Business Registers - Transitional Application Periods Consultation

Digital Service Providers Australia New Zealand (DSPANZ), formerly known as ABSIA, welcomes the opportunity to make this submission on behalf of our members and the business software industry.

We are supportive of the proposed application periods. We believe that uptake can be further strengthened if there is also an option for software to assist in pre-filling information on a director's behalf or through allowing agents to initiate this process for directors.

DSPANZ would be happy to provide details on this point or more broadly on the MBR program, please contact Maggie Leese.

Yours faithfully,

Simon Foster,
President & Director,
DSPANZ

About DSPANZ

Digital Service Providers Australia New Zealand is the gateway for government into the dynamic, world class business software sector in Australia and New Zealand. Our members range from large, well-established companies through to new and nimble innovators who are working at the cutting edge of business software and app development on both sides of the Tasman.

Formerly **ABSIA**
